MEDIA & WEB 2.0 HOSTING SOLUTIONS

Once upon a time, people waited every morning for their favorite newspaper to get the latest news; a time when the last thing people saw before drifting off to sleep at night was a test pattern on the television set, signifying the end of a network's daily broadcast.

Wow, things have changed! Today, if you want the latest breaking news, all you have to do is log on to one of many online news websites. Television news has become a 24/7 cycle, providing the latest information at any time.

Founded in 1994, Atlantic.Net has witnessed this progression and been a major player in the information explosion of the past 17 years. Atlantic.Net remains a trusted partner to top media organizations, designing solutions to meet their ever-changing needs. Atlantic.Net is perfectly positioned to elevate your hosting solutions to a new level.

MEDIA HOSTING SIMPLIFIED!

Over the years, Atlantic.Net has partnered with major media groups like Clear Channel Radio, Pamal Broadcasting, and various blogs, newspapers, and television stations. We helped them get more bang for their dollar. We can do the same for you! We are ready to simplify your life by removing technology obstacles that distract from your core business.

We listen to you, assess your requirements, and create a solution that meets your needs. With the speed limit of the technological superhighway increasing every day, we position you in the fast lane -passing the competition.
